

Year 2: WB 27.04.2020

Maths:

1. Using objects you have found in your garden can you make as many 2D shapes as you possibly can.
2. What are the names of the shapes that you have made?
3. How many sides do each of your shapes have? How many vertices?

English:

1. Read one of your favourite books.
2. Can you write me a short explanation of how your character feels in the book? Are they happy, sad, angry, confused? Why? What has happened to make them feel that way?

Science:

1. Using toy animals or drawing some of your own can you please arrange your animals into groups: mammals, reptiles, amphibians, birds and insects.
2. Now can you create a zoo! Which animals will you put near each other? Why have you done that? Should the tigers be near the zebras? Why?

Year 3: WB 27.04.2020

Maths:

1. Using objects in your garden can you please make as many 2D shapes as possible.
2. Name the shapes and make a list of their features. For example: square, 4 straight equal sides, 4 vertices. Triangle, 3 straight sides, 3 vertices. Circle, 1 continuous curved side.

English:

1. Read one of your favourite books.
2. Can you sequence the events that have happened? What happened first? Then what happened? etc.

Science:

3. Using toy animals or drawing some of your own can you please arrange your animals into groups: mammals, reptiles, amphibians, birds and insects.
4. Now can you create a zoo! Which animals will you put near each other? Why have you done that? Should the tigers be near the zebras? Why?
