

Year 2: WB 27.04.2020

Maths:

1. Using a tape measure can you please find the height of different objects around your house and record it in your maths book that you had in your pack.
2. How tall are you? How tall are the members of your family? How long is your bed? How long is a fork?

English:

1. Can you write a non-chronological report about rabbits? Do some research by asking members of your family or using books or the internet (with supervision).
2. Use headings such as: Appearance, Diet, Habitat, Fun Facts.
3. Can you include a labelled diagram of a rabbit?

D&T:

1. Using your instructions about how to make an Easter card please could you design and make an Easter card with something 3D on it. For example: you could make the rabbits ears, or you could stick a cotton wool ball on to make the rabbits tail.

Year 3: WB 27.04.2020

Maths:

1. Using a tape measure can you please find the height of different objects around your house and record it in your maths book that you had in your pack.
2. How tall are you? How tall are the members of your family? How long is your bed? How long is a fork?
3. Can you order your measurements from biggest to smallest?
4. Can you add some of your measurements together? For example:
 $15 \text{ cm} + 12 \text{ cm} = 27 \text{ cm}$

English:

1. Can you write a non-chronological report about rabbits? Do some research by asking members of your family or using books or the internet (with supervision).
2. Use headings such as: Appearance, Diet, Habitat, Fun Facts.
3. Can you include a labelled diagram of a rabbit?

D&T:

1. Using your instructions about how to make an Easter card please could you design and make an Easter card with something 3D on it. For example: you could make the rabbits ears, or you could stick a cotton wool ball on to make the rabbits tail.
