

Year 3/4/5 - Mr. Churchill

Friday 1<sup>st</sup> May 2020

English

As you know, one of our school values is friendship. With this in mind, I would like you to write a letter to one of your friends to catch up. Ask them questions about what they've been up to, tell them what you've been doing etc. You could even post your letters and ask each other to reply!

Maths

Today, we want you to focus on your times tables, so we have a few different activities you can try out. You can pick your favourite or have a go at them all!

Activity 1

Watch these times table tricks <https://www.teachwire.net/news/8-of-the-best-times-tables-tricks-for-teachers> and test them out for yourself. Which is your favourite? Can you understand how they work?

Activity 2

Make your own times table flash cards for a times table you find tricky with the multiplication on the front and the answer on the back. Once you've finished, ask a member of your family to test you or test a family member yourself.

Activity 3

Play 'Rock, Paper, Scissors' times tables with your family. You both say 'Rock, Paper, Scissors' and then show a number with your fingers. The first person to multiply the numbers together correctly is the winner. Keep a tallu of our score.

History

Write a short diary entry for this week-what sort of things did you get up to, who did you FaceTime or speak to over a garden fence? Draw a picture of you doing something from this week and keep these safe-we will create a time capsule of these when we return to school.
