

English

Using this picture from 'The Tin Forest', write a setting description.

Can you include appropriate adjectives? (multi-coloured, picturesque, dazzling)

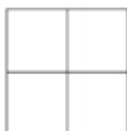

Can you include similes? (Like a chorus of angels, the birds sang. The forest was like a green canvas that had been splattered with

every colour of paint)

Can you include some fronted adverbials? (From all around, butterflies whizzed by. Joyfully, the sun shone down.)

Maths

Here is a grid of four boxes.

You must choose four different digits from 1-9 and put one in each box.

5	2
1	9

This gives four different two-digit numbers. 52 (reading along the first row), 19 (reading along the second row), 51 (reading down the left-hand column) and 29 (reading down the right-hand column). In this case, their sum is 151.

Try a few examples of your own.

Is there a quick way to work out if the total will be even or odd?

Your challenge is to find four different digits that make four different 2-digit numbers which add to a total of 100. Can you make 100? How many ways can you find of doing it?

History

Use the following link to watch a short clip about a Viking village:

<https://www.literacyshed.com/vikingvillage.html>

Write a diary for the day in the life of a Viking-you can be a warrior, a child or a farmer. Use the village in the video clip to help you imagine what life was like and what sort of adventures you could get up to. Use our learning from our topic in the Autumn Term to also inform your writing-have fun!
