

English

Create an acrostic poem using the word 'Viking'.

V - icious

I - ngenious

K - illers

I - hope I never meet one

N - otorious

G - rave fillers

Maths

Each of the following shapes has a value:

 = 7  = 17

The value of the red shapes changes in each of the following problems.

Can you discover its value in each problem if the values of the shapes are being added together?

(a)    = 25

(b)     = 51

(c)       = 136

(d)    = 48

(e)        = 100

To get started, think about what the other shapes add up to.

For an extra challenge, create your own problem like this for someone in your family to solve.

History

Create a factual poster all about the Vikings-include information about their way of life, where they came from and where they travelled to, laws and punishment, what they did and any interesting facts.
