

Maths

$$\triangle + \triangle + \star + \star = 100$$

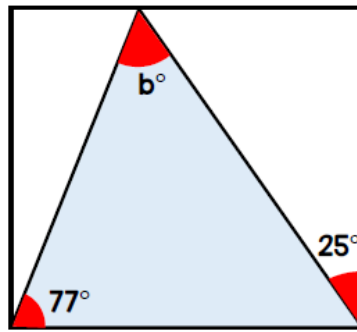

$$\heartsuit + \heartsuit + \triangle + \star = 78$$

Work out the value of the

Order the following numbers.
Start with the smallest.

3.1	$\frac{18}{5}$	$3\frac{1}{4}$
-----	----------------	----------------

Find the size of angle b.

Work out the missing digits.

$$\boxed{5} \times \boxed{} \times \boxed{} = 105$$

Workers in a factory make toys.

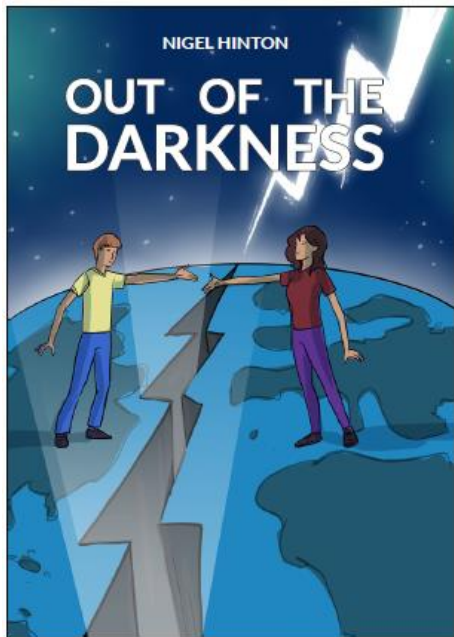

- On Monday they make 2,350 toys.
- On Tuesday they make 235 more toys than they did on Monday.

By Wednesday they have to make 7,500 toys in total.

How many toys do they need to make on Wednesday to make 7,500 in total?

English

Look at the book cover.

Predict what the story might be about.

Write a blurb of no more than 200 words.

Remember that the purpose of a blurb is to engage the reader and persuade them to read the book.

Art

Sketch a Portrait

Have someone in your family sit for you while you draw his or her portrait. Can you do your whole family? Then, why not find a mirror and do a self-portrait? Maybe you could even catch your pet in a still moment (sleeping, perhaps) and sketch them too.

Remember everything we talked about – all of the different sketching and shading techniques, using your pencil lightly to begin, etc. Don't colour your drawings, leave them as pencil sketches – but do sign and date them 😊
