

Year 2: WB 04.05.2020

Maths:

1. Get a dice.
2. Roll your dice. This number is your tens. Roll your dice again. This number is your ones. Write your number like this: 17
3. Now repeat again so that you get another 2-digit number.
4. Which number is bigger? Which number is smaller? What is the difference?
5. Add your numbers together. You could use counters, coins, pasta, lego, blocks, or draw pictures to help you.

English:

1. Could you hot seat as the main character from your book.
2. You need to get someone to ask you questions, have a careful think about your answer before you say it.

Geography:

1. Have a look at Easington on a map. What do you notice?
2. Could you make your own map of Easington? You could include your house, favourite park, school etc.

Year 3: WB 04.05.2020

Maths:

1. Tim uses 4 wheels to make lego cars. He has 54 wheels. How many lego cars can he make?
2. There are 3 flavours of ice cream: vanilla, strawberry and chocolate. You can have 2 scoops. How many different combinations are there?
