

Year 2: WB 18.05.2020

Maths:

1. Find 8 cans.
2. How many different ways can you divide them? Remember each group has to be equal.
3. What would a half be? What would a quarter be? Is it possible to find a third?
4. Find a half. Find 2 quarters. What is the same? What is different? What do you notice?

English:

1. Read one of your favourite books.
2. Can you find some words that you really liked in your book and find the definition of them using a dictionary?
3. There are also online dictionaries if you do not have a paper copy.

D&T:

1. Can you paint some rocks to make them look like rainforest animals?

Year 3: WB 18.05.2020

Maths:

1. Play a game of times tables corners.
2. Label different areas/corners of your garden with 2, 5 and 10. Shout out a number. If the number is a multiple of 2, 5 or 10, your child must go to the matching area.
3. You can change the game for the 3, 4, 6, 8 times tables or really challenge yourself and try the 12s.

English:

1. Read one of your favourite books.
2. Can you find some words that you really liked in your book and find the definition of them using a dictionary?
3. There are also online dictionaries if you do not have a paper copy.
