**English**

**Read the text and answer the questions.**

As soon as she turned eight years old, Emma knew that she was old enough for the responsibility of looking after a puppy. She had even promised to start doing all of the things you would do with a dog to prove to her boring dad that she could. Emma knew she had to go on long walks twice a day, although she did not get out of bed before midday. She watered the plants in the house every day to prove that she could keep something alive, although she watered them a bit too much. Emma also knew one thing for certain: she would not be picking up anything that the dog left in the back garden. Not once. Not ever. That was her dad's job.

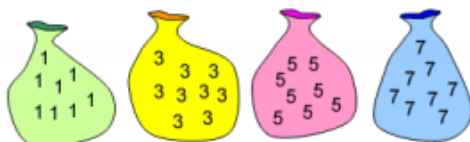

1. Who is stopping Emma from getting a puppy?
2. Why do you think the author describes Dad as 'boring'?
3. What makes you think that Emma is not ready to get a puppy? Use evidence from the text to support your answer.
4. Summarise the main point of the story in 20 words or less.

**Mathematics**

**Maths**

**Make 37**

Four bags contain a large number of 1s, 3s, 5s and 7s.

Can you pick any ten numbers from the bags above so that their total is 37?

**Formal methods**

Use the formal method to calculate:

$$22 \times 3 = \underline{\quad}$$

$$42 \times 6 = \underline{\quad}$$

$$24 \times 7 = \underline{\quad}$$

$$12 \times 3 = \underline{\quad}$$

**School Values**

Please design a poster that displays our school value of 'Thankfulness'. Please ensure that you include the school badge. Be as creative as you can and make your poster bright and colourful with lots of images.
