Fluency

Complete these questions.

1. $\frac{3}{5} \times 150 =$

2. $\square = 100 - 54 \div 6$

3. $80.5 - 5.05 =$

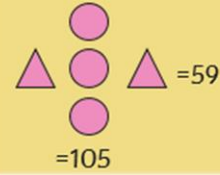

4. $35\,877 + 6685 =$

5. $383.49 - 74.84 =$

6. $15\% \times 340 =$

Problem Solving

Each shape represents a number. What is the value of each shape?

Reasoning

12% of 1150 = 138
Prove it!

English

The Book is Different!

Films that are based on books often miss out parts of the story or change them.

Can you find a film that is based on a book?

Find and list as many differences as you can.

History

Use the following clip and other information you have learned to help you to describe what happened on **VE Day** and how it felt.

<https://www.bbc.co.uk/teach/class-clips-video/history-ks2-ve-day/z7xtmfr>

Transport yourself back in time and write a VE Day diary entry. Imagine what it would have been like to take part in a VE day street parade or party. Think about:

- What did you do to celebrate?
- How did it feel knowing that the war in Europe was over?
- Who joined in the celebrations with you? Was anyone missing and why?
- Why might there have been a feeling of sadness too?
