

Our overarching topic question for this half term was:

Why did the Romans come to our shores?

Use the information you have learned to explain why the Romans came to Britain.

Think about:

- ~ How the Romans chose their settlements. What was important?
- ~ Were their desired physical features found in Britain?
- ~ What human features did Britain have to offer?
- ~ What did they do when they got here? What impact did this have?
- ~ Where did they settle?
