

Year 3: 15.10.2020

Good morning everyone! I know this is an unprecedented time and things are different. Today, please feel free to work through these tasks in any order you would like.

Emotional Well-Being:

Good morning boys and girls, sometimes when there is change in our lives, we can feel overwhelmed and a little upset. Use the link below to do a little meditation and relax before you start your day.

English:

Today we are looking at different sentence types. It is really important that we use them in our writing to keep our reader interested. Watch these videos then complete the worksheet at the bottom of the page.

Maths:

Today I would like you to continue subtracting 2-digits from 3-digits. Make sure you set out your columns correctly, keep all the ones in one column, all the tens in another and all the hundreds in another. Remember to always ask yourself “Do I need to do an exchange?”. If there is ‘more on the floor, then go next door and get 10 more’. If you need base 10/dienes go on MathsBot and click on Manipulatives, then you will find them there.

Please watch this video to refresh your memory:

Please complete the worksheet attached.

Our Curriculum:

We have been investigating Kansas and have decided whether we would rather live in Kansas or Easington. Today I would like you to make a leaflet advertising the features
