Science home learning 5th January 2021

Living things and their habitats

We are starting our new science unit! The first thing that I would like you to do is go and explore! In your home, can you find 3 things that are alive, 3 things that are not alive and 1 thing that used to be alive?

Please draw and label the things that you found.

Take a photograph of your work and send it in.

Y2/3

RE home learning 5th January 2021

*What does it mean to belong in
Christianity?*

A question for you to discuss and think about:

What groups do you belong to?

Some examples:

Brownies

Choir

Football team

Church

Draw a picture of the groups that you belong to and
label each one.

Take a photograph of your work and send it in.
