

**EYFS**

**Science home learning 11<sup>th</sup> January 2021**

*Our new science unit is all about wintry conditions – snow and ice!*

To start I would like you to take a look at the video below. The video shows snow fall during a period of 7 days.

Watch carefully! Can you discuss the changes taking place?

<https://www.youtube.com/watch?v=iJy27saKxK8>

We have been very lucky to have had some snowy weather recently and I would love to speak with you about your experiences in the snow! Instead, I would love to see your photos or drawings. Please can you either send a photograph of yourself in the snow recently or you can draw a picture of yourself in the snow, photograph it and send it in using Dojo.
