

Y2/3

RE home learning 2<sup>nd</sup> February 2021

Today I would like you to remember when you first started school!

How did you feel?

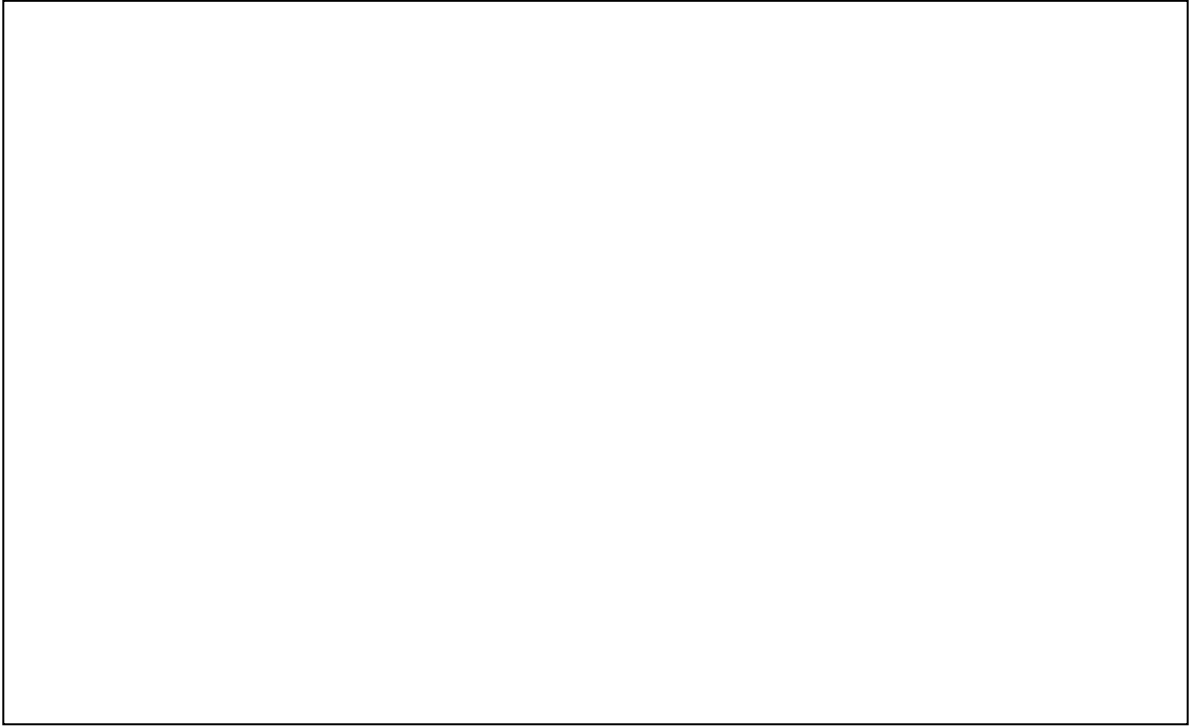

Imagine someone new joining our class. What could we do to help and care for them?

How could we welcome them?

Can you write a few sentences to explain what you think we could do?

You could also draw a few pictures to go with your writing. I have attached a worksheet if you would like to use it.

Thank you 😊
