Science home learning 24th February 2021

Over the next few weeks we are going to be learning about plants. To get started, take a look at the link below. Watch the videos and complete the quiz.

<https://www.bbc.co.uk/bitesize/topics/zpxnyrd/articles/zxxsyrd>

When we have learnt a bit more about plants we will set about planting some seeds. We will be back in school then! Now I would like you to think about what you have learnt today and answer the following question:

What does a plant need to grow?

Please draw and label the 5 things that a plant needs in order to grow. I have attached a worksheet if you would like to use it.

Please take a photograph of your work and send it in using Dojo. Thank you 😊

What does a plant need to grow?
