

Year 4 – Mr. Churchill

Tuesday 2nd February 2021

English

Today, your task is to compose the introduction and the 'beginning' of your non-chronological report. Attached is a genre key features checklist and an example that includes the key elements required for this genre of writing.

English-Reading

Please read your chosen text and send a video via Class Dojo of you reading aloud.

The standard of the reading aloud in previous weeks has been phenomenal-please keep this up!

Mathematics

In mathematics, we are continuing to look at fractions. In our previous session, we looked at equivalent fractions. We are continuing to look at equivalent fractions over the next few days and how we can use our multiplication and division knowledge to help calculate equivalent fractions.

Please use the following link to access the learning stimulus:

<https://vimeo.com/504472462>

Please use the following link to access interactive fraction wall to support the children:

<https://mathsbot.com/manipulatives/fractionWall>

P.E.

Please use the following link to get active!

<https://www.youtube.com/watch?v=Hr-p7TikhPI>

Please make sure that you warm up and down before and after completing this workout!

SAFER INTERNET DAY

Today is Safer Internet Day. The theme for this year's day is exploring reliability of the online world. Can you please look at the presentation and compose a Safer Internet Poster which would provide rules and guidelines for how to stay safe online and how you should make sure that the information you are looking at is true.

Prayer and EWB after maths and English resources

English example:

USA Fact file

The United States of America (commonly referred to as U.S.A) is considered to be one of, if not the, most powerful nations on Earth. Containing many different types of landscape and weather patterns, home to DisneyWorld and a plethora of other theme parks, the U.S.A is one of the most visited countries on the planet by tourists every year.

Did you know that the U.S.A does not have a monarchy and is only 244 years old? In comparison, the United Kingdom has history that stretches back thousands of years!

What are the United States?

The term 'United States' refers to a number of localities that have joined together in a federal republic (no royal family). There are 50 states in total including Hawaii in the Pacific Ocean, Alaska in the far north of the continent of North America and tropical Florida. Some of these states are thousands of miles apart and have their own unique weather and climate. All of these states have the same head of state-the President of the United States.

What physical features does the U.S.A contain?

With being such a large nation, the U.S.A contains a wide range of landscapes and physical geography. For example, Death Valley, in California, is one of the hottest places on the planet. The hottest temperature recorded in Death Valley is 57 degrees Celsius. In comparison, the coldest temperature recorded in Alaska is -62 degrees Celsius. The U.S.A also contains mountain ranges-the Flatirons, the Appalachians and the Cascades are all famous mountain ranges.

Fascinating Fact:

Mount St. Helens erupted in 1980 and is still considered the worst volcanic event that has ever happened in the United States.

Mount St. Helens, circa 1980.

Title

Subheadings (as questions)

formal language

factual information

Organised into paragraphs

Mathematics Task resource

Fluency

F1)

Use two strips of equal sized paper.
 Fold one strip into quarters and the other into eighths.
 Place the quarters on top of the eighths and lift up one quarter,
 how many eighths can you see?
 How many eighths are equivalent to one quarter?
 Which other equivalent fractions can you find?

How many fractions that are equivalent to one half can you see on the fraction wall?

Draw extra rows to show other equivalent fractions.

F2)

Reasoning

R1)

How many equivalent fractions can you see in this picture?

Problem solving

PS1)

Eva says,

I know that $\frac{3}{4}$ is equivalent to $\frac{3}{8}$ because the numerators are the same.

Is Eva correct?
 Explain why.

Prayer and Reflection Activity

Please see resource attached.

Emotional Well-Being Activity

Take some time to listen to some of your favourite playlists/songs-concentrate on how the music makes you feel and relax and enjoy it.

Prayer and reflection resource:

Can anyone describe yesterday's assembly in 6 words? Many of the superheroes lead a double life. By day, Bruce Wayne is a billionaire but by night he's Batman, the 'caped crusader'. The Superman costume is only worn when someone needs help, otherwise Clark Kent hides his super powers behind glasses and a reporter's notepad and pen. Sometimes we can act like different people. For example, when someone important comes to visit, our parents or teachers might tell us to be on our best behaviour, *even I have to do that sometimes*. Other times we may be one person at home but at school, we act like someone else because we are trying to impress others. We may say things just because we think it is what other children want to hear. It is important that we try and be ourselves all the time. Like a superhero who has to hide his true identity living two lives, if we are one person at school and another at home it will stop us from focusing on being who we *really* are.

Time to reflect

- When is it a good time to act differently?
- When is it a bad time to act differently?
- Choose to be yourself.

Reflection (Prayer)

(Dear God)

As we grow and develop, may we become who we are really meant to be. May we also remember to accept others and help them to become who they are meant to be too. *(Amen)*
