

Emotional Well-Being:

Taking time for yourself to do something that relaxes you is so important. I personally like to read books set in foreign countries to relax me; it makes me feel like I am having an adventure from my sofa! Today, I would like you to spend some time thinking about what makes you feel relaxed and happy.

Possible Activity for today:

Use this sheet to help your child to come up with ideas to feel better when they have difficult feelings. Talk about a time when your child has had a difficult feeling – sad, angry, annoyed, jealous or scared. Discuss different things they do to help themselves feel better using the suggestions below as a prompt. Ask children to choose their top three strategies, perhaps drawing or writing one we haven't thought of! Keep this on display at home so when children have a difficult feeling they can help themselves to feel better.

English:

This week we are going to be focusing on grammar. Today we are looking at commas in a list. Today I want you to write 4 examples of commas in a list that you could use in your Flat Stanley story next week.

Video to help:

https://www.youtube.com/watch?v=mzx_lBb1F4w&ab_channel=FireflyEducation

Maths:

This half term we are solely focusing on fractions. Because Year 3 missed this unit in Year 2 due to the pandemic, they will be working on the same topics to begin with. Today we are going to be doing a written activity on finding a half. You will need a bowl, some glasses and some small objects such as pasta, lego, buttons or marbles. This is a continuation of the learning that you did yesterday.

Watch these videos to help you:

https://www.youtube.com/watch?v=yDhofz3TpEw&ab_channel=TwinklKids%27TV

Collective Worship:

Can anyone summarise one of the three stories from yesterday? Have you ever heard the phrase, "Are your eyes bigger than your belly?" It's often said at buffets when people are given a large empty plate and told to go and fill it up with as much food as they'd like. Have you ever been to a party and at the buffet you put more food on your plate than you could possibly eat. Did your eyes say I like that I'm going to be able to eat all of that, but your stomach said stop when you were only half way through? Well, your eyes were bigger than your belly. Imagine you are in a queue for the buffet, the people in front of you are putting lots of food onto their plates. On the table of food, you see 'the cake', not just an ordinary cake, but your most favourite cake in the whole world, but people are adding pieces of this cake to their already piled high plates. You get to the cake, but all that is left are a few crumbs. How would that make you feel? At the end of the party, you start to collect in the rubbish because you are very helpful, you see several pieces of 'the cake' on people's plates because their eyes were bigger than their bellies. How would that make you feel?

Time to reflect

Can you think of a time when your eyes were bigger than your belly?

Can you think of a time when you lost out due to someone else's greed?

Reflection (Prayer)

(Dear God)

We are aware of the difference between our needs and our wants. Let us be grateful and content with what we have. We ask for support for those that don't have all their needs met, as we reflect on what we can do to help others. *(Amen)*

RE:

Please see the work set by Miss Swan.

PE:

Please can you complete either the Joe Wicks or some Just Dance, Go Noodle or Cosmic Yoga.

Work:

Maths:

Fluency:

F1)

Here are 6 counters.

a) Share the counters into 2 equal groups.

Group 1

Group 2

b) Complete the sentences.

There are 6 counters.

The counters are shared equally between

groups.

There are counters in each group.

$\frac{1}{2}$ of 6 is equal to

Fluency:

F2)

Circle half the cakes.

Circle half the triangles.

Fluency:

F3)

Find $\frac{1}{2}$ of each number.

Use the arrays to help you.

$\frac{1}{2}$ of 10 =

$\frac{1}{2}$ of 16 =

$\frac{1}{2}$ of 20 =

Reasoning:

R1)

When you are finding a half, you are always dividing by 2.

True or false?

Reasoning:

R2)

Miss O'Neil thinks that half of 12 is 10 and 2 because she has split 12 into 2 groups. Is she correct?

Explain why.

Problem Solving:
P1)

I am thinking of a number.
Half of my number is more than 10 but less than 15.
What could my number be?

English:

Problem Solving:
P2)

Dora is asked to shade half of her shape.
This is what she shades.

Is she correct? Explain why.

Ron has run 20 m.

Rosie has run half that distance.

a) Draw an arrow on the running track to show where Rosie is.

a) How far has Rosie run?

 m

Problem Solving:
P3)

Annie has some gummy bears.

She circles half of them.

How many gummy bears did she have at the start?

Problem Solving:
P5)

Here are half of Annie's sweets.

How many sweets does Annie have in total?

English:

If you are struggling, try this:

Example:

Flat Stanley has lots of toys like kites, yoyos and bulletin boards.

Flat Stanley goes to lots of places like the museum __ California and the park.

Flat Stanley's favourite things are comics __ toys and ice cream.

Flat Stanley likes milkshakes like chocolate ___ strawberry and vanilla.

(Now see if you can think of some more examples!)

Dance to your favourite song

Have a drink of water

Do some colouring

Smell your favourite smell

Hug a toy

Think of a happy memory of your friends/family

Think of the three best moments of the day

Do five star jumps

Ask for help

Take some deep breaths

Talk to a friend online

Write down how you are feeling

Think of a happy time

Watch television

Imagine your favourite place

Think of three solutions for your problem

Have a nap

Say you're sorry

Make a list of things you are good at

Do a full body stretch
