

Dates for your diary :

Wednesday 20th July	School closes for summer break
Monday 5th September	PD Day – School closed for children
Tuesday 6th September	School re-opens for children

Junior Road Safety Officers (JRSOs)

Hello All,

Our names are Leon, Anabelle, Alex, Izzy, Esme and Olivia. We are the Junior Road Safety Officers (JRSOs) of Easington C of E Primary School.

Our role as JRSOs is to monitor the parking outside of our school through regular patrols to ensure the safety of all children. Whilst monitoring the parking, we aim to educate you all around where you can and cannot park.

We must remind all drivers that you must not park on double yellow lines, bus-stops, pedestrian crossings and in our staff car park.

From September, you will see us outside of school where we will issue parking tickets to drivers who are not following our rules. As JRSOs, we will only issue a maximum of 3 tickets to a driver. After this we will invite drivers into our school to be questioned by all JRSOs alongside PCSOs from our local policing team.

So please remember to respect local residents, teachers and all of the pupils of Easington C of E Primary School. It is important to us that you view parking outside of our school through the eyes of a child.

Thank you

Easington's Got Talent

What an amazing night on Monday! The children who performed were absolutely fantastic and the atmosphere was something special! Once again, thank you to all the families who came along and supported this event and a big thank you to all the staff who gave their time to stay. Well done to the children who finished in the top 3, they have received their prizes today. Easington truly does have talent!

Joint 1st place – Ellie and Izzy

2nd place – Zach

Joint 3rd place – Oliver and Alice / Jasmine

Mr. Applebys Special Book	Louisa Dyer
Pupils Pupil	The whole school / Year 6
Staff member of the week	The whole staff

Head Teacher message

As another academic year ends, I would just like to say a sincere thank you to all parents and families for your unwavering support. Our school has such a positive atmosphere, with a strong community feel and I am confident that we will continue to go from strength to strength next year. I am delighted with our achievements this year including our amazing SAT results and I simply could not be prouder of the children. Our children deserve the absolute best and we will continue to strive to always deliver this.

Our school is special. I am so proud to be Head Teacher of such wonderful children and hardworking, dedicated staff.

I would like to wish all of our families a happy, safe and enjoyable summer break. We Look forward to seeing you in September for another fun, happy, hardworking and memorable school year.

Thank you.

Mr Appleby, staff and governors.

Leavers Celebration

It was lovely to welcome the families of our Year 6 children into school yesterday afternoon for the Year 6 Leavers Service. It was a very emotional afternoon with tears of joy and sadness. The time has come for our amazing Year 6 children to move on to the next part of their journey. Year 6, you have been a pleasure to have in our school and we are so proud of each and everyone one of you. Best wishes and good luck for the future. Mr Appleby and all staff.

New promo video

Charlie Hagel, one of our ex-pupils has designed a fantastic new promotion video for our school. It really is amazing and we cannot thank Charlie enough, he is a very talented young man! We will be putting the video on our website for the beginning of the academic year and a link will be sent out so parents can watch it.

Thanks again Charlie, Steven Spielberg watch out!!

Water Fight

Tuesday morning was a little different to say the least in school as we had amazing water fight! It was such a fun, happy morning and a lovely way to keep cool in the blazing sun. Everyone had a fabulous time (especially the staff 😊).

May we give them the roots to grow and the wings to fly

Year 6 Leavers Celebration

Whole School Water Fight

Open water in County Durham

Throughout the county there are many sites with open water, both inland and on the coast. For example:

- rivers and streams
- beaches
- lakes and former quarries
- fishing ponds

Activities which lead to people getting into difficulties are:

- walking or running alongside and falling in
- swimming
- jumping into water

Dangers of water

You may swim well in a warm indoor pool, but that doesn't mean you can swim in cold water. Dangers of swimming in cold water include:

- It is cold - cold water can kill you in less than a minute.
- There may be hidden currents.
- It is deep - and it can be difficult to estimate the depth of water.
- There may be hidden rubbish under the surface that can trap or cut.
- It can be difficult to climb out - banks can be steep, slimy and crumble away.
- It may be polluted, which could make you ill.
- There are no lifeguards.

How to stay safe near water

- Look out for [water safety signs](#) or [beach flags](#) to tell you when and where it is safe to use the water. Know what they mean and do what they tell you.
- Never let your children go near water, without being accompanied by an adult. An adult can point out dangers or help if someone gets into trouble.
- Never jump in or suddenly immerse yourself in cold water as the shock could kill you.
- Never walk on ice or let a pet go onto ice. You do not know if it can hold your weight.
- Learn how to help in an emergency - if you see someone in difficulty:
 - Shout for help and tell a lifeguard, if there is one.
 - Go to the nearest telephone, dial 999 and ask for the Police, or the Coastguard at the beach.
