Thank you also for your suggestions – I have noted the most common below. I would like to share them with a response:

More external lighting in the playground for the safety of parents, staff and children.	This is a very valid point and something that was also noticed by staff when dismissing children from clubs and performances in the Autumn Term. We will look into getting some quotes for this.
Would like more information on the curriculum	All of our curriculum planning can be found on our website – please follow the links Plans - Easington CofE Primary School Curriculum Content - Easington CofE Primary School
The communication around events being rearranged or cancelled with very little notice	We only cancel or rearrange as a last resort. Most of the time, this is not our decision i.e. sports events being cancelled due to inclement weather on the day. As soon as we are informed an event is cancelled, we inform parents immediately.
